ASYLUM CASES

Will Be Investigated By the Grand Jury.

Dr. McCormick Files Affidavit to His Former Statement.

The affidavit of Dr. E. B. McCormick, reiterating his charges of a month ago against Dr. W. E. Lackey and Miss Mary Settle, were laid before the Board of Commissioners Tuesday with the request that the paper be transmitted with other sworn testimony to the Governor. The Board instructed Secretary Feland to at once notify State Inspector Hines that the charges had been sworn to.

The affidavit contained no new charges. It was sworn to before Luther Loving, Notary Public of Owensboro. The grand jury has begun work on the Asylum cases, but some difficulty is experienced in getting witnesses to talk. Great pressure is being used to suppress the facts, but Judge Cook and Commonwealth's Attorney Howell are determined to do their full duty in enforcing the laws. The members of the grand jury are of course very reticent, but the character of the men composing it is assurance that nothing will be suppressed.

You may as well expect to run a steam engine without water as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. PRICES!

Of all kinds are being made on other binders, but notwithstanding all this, we will continue to do the bulk of the binder business for

TWO REASONS:

FIRST--Because the Deering is the BEST MACHINE MADE and saves four inches of twine over all others every time it ties a knot, and twine costs money.

SECOND--The vital question of repairs cuts a big figure. We have kept repairs for the Deering for years and will continue to do so. Break a brand new binder even and it is worthless unless repairs are within reach.
